

A Beltane Fire Tarot Spread

Build your fire from the base up.

1. Discontent – The kindling from which to start my bonfire. What do I need to release into the cleansing fire?

2. Strife - In the heart of the fire, what I set the spark to, to begin the cleansing.

3. Discovery – What I hope to find once the cleansing fire has burned away the dark and cold of winter.

4. Illumination – What will bring the light and warmth once again? What gives me the spark of inspiration and creativity?

5. Victory – This will help me celebrate the new-found light and inspire me to work harder to sustain and surpass my own achievements.

6. Union – The celebration of the Goddess and God joining together in the fertility ritual brings blessings for a fruitful and bountiful season. Now that the fires have cleansed and prepared the soil for planting, what union or partnership should be considered as I begin this new season?
